

## **FAMILY GETAWAY TO A FLORIDIAN PARADISE**

Retreat to Tampa this winter with your family for some quality time spent in one of Florida's best golf and family vacation resorts. From relaxing in your newly renovated suite or poolside at the family favorite Loch Ness Pool with waterslides, there are endless area beaches and local attractions to enjoy.

### ***It's Tee Time***

Start your day right with a championship golf experience you won't forget. Innisbrook is home to four championship courses, including the Copperhead course which welcomes the world's finest players each March for the PGA TOUR's Valspar Championship. Just learning to play? Ask about the year-round golf instruction programs for juniors, beginners or even the more advanced player.

### ***Rent and Ride***

Active families will love the Loch Ness bike rentals. Grab your helmets and take to exploring this scenic property. Decide whether to ride solo with cruiser bikes for adults or children or as a pack with tandem bikes. Feeling adventurous? Try out the Surrey bikes for a group ride where everyone works together as a team.

### ***It's a Match***

Bond over improving your game and sign up for a tennis clinic to teach your family proper stroke, technique, positioning and movement. Once you have your game strategy down, try out these new skills with a competitive match on the courts. Our award-winning facility offers 11 clay courts, with seven lighted for night play, in addition to three racquet ball courts.

### ***Become a Sea Life Voyager***

Immerse yourself and your family into the amazing world of marine life rescue at Clearwater Marine Aquarium. Visit Winter the dolphin from the 2011 film, *Dolphin Tale*, and the sequel, *Dolphin Tale 2*. Learn about animal care, have your picture taken with a dolphin, or take a behind the scenes tour. You can even hop aboard the Sea Life Safari Boat for a scenic cruise around the local estuary, complete with a stop for seashell hunting!

### ***Lowry Park Zoo***

Tampa's Lowry Park Zoo is one of the most popular zoos in the southeastern U.S., with over 1 million visitors annually. Trek to discover endangered Florida wildlife, then board a boat for a family journey along a flowing stream to experience the three-story splashdown at Roaring Springs! Afterwards, check out the Birds of Prey show or take the Expedition Africa Safari tram ride to see elephants, okapis, African painted dogs and more!

### ***Play in the Sand***

Innisbrook is located just minutes from beautiful Gulf beaches where you can collect shells, go kayaking, take a sail or enjoy a family stroll under the Florida sunshine year-round. Nearby Caladesi Island Beach has been rated the *#1 Beach in America* by Dr. Beach, numerous times.
